Theme Design Principles

November 12, 2008

Instructor: Kathleen Donohue, CMKBD

One Day Course (8 am—5 pm)

8 NKBA hours/0.8 CEUs

To register [Click Here](#) or call Customer Service at 1-800-THE-NKBA (843-6522).

Required Prerequisites

- (1) Knowledge of what is available in styles/ finishes for cabinets, appliances, fixtures, fittings and surfaces; and
- (2) Basic sketching skills helpful.

There is value in adding popular styles to your designs and this course teaches you how to do it. Sign up for this fascinating course to advance your kitchen and bath design expertise, better serve your clients and improve your competitive edge. You'll develop a thorough knowledge of American architectural period styles and the interior style themes that work with them: Arts and Crafts, Contemporary, French Country and Art Deco. Learn about the elements of each theme and how to select the right materials to achieve a unified, professional look. Theme Design takes a hands-on approach using group exercises.

You'll Learn To:

- Create more stylish, yet functional, spaces
- Solve design problems using a coherent, unified theme
- Apply some of the basic NKBA Planning Guidelines
- Properly pair architectural period styles and interior style themes

Materials Needed: Bring material samples (floor plans/photos/ client history) of a current project that is yet to be designed. All other course materials provided.
